Bathing and showering - pleasure for all the senses

Experience culture

Founded in 1748 in the heart of Europe, today a world-famous brand. Villeroy&Boch looks back on a rich tradition and, from its very beginnings, has actively styled culture. This has resulted in a quality and diversity that cannot fail to impress. Our products embody classical elegance, the beauty of nature or urban design. Whatever your personal style, with Villeroy&Boch, you can experience culture in your own home.

THE BATHROOM AS A WELLNESS OASIS

Wellness means boosting your energy levels and feeling good about yourself in the long-term. An increase in everyday stresses and strains require strategies that aid relaxation. Villeroy&Boch bathrooms not only offer pleasure and relaxation but they are also vitalising – so why not give yourself and your body a treat!

Showering – Wellness at the push of a button

A quick shower can also be a wellness experience that doesn't take up a great deal of time. Cold showering of the arms, lower legs and thighs or the whole body effectively stimulates the metabolism and the circulation.

Bathing – An ideal way to relax

The feeling of weightlessness when bathing encourages mental relaxation as effectively as autogenic training and, depending on the water temperature, has very different effects. Warm water, for example, lowers the adrenalin level, relieves tension and stimulates both the circulation and the metabolism. Cold baths, however, improve deeper breathing and alleviate the pain caused by acute sports injuries.

Whirlpool – A massage for body and soul

Warm whirlpool baths stimulate the circulation. They have the effect of a gentle peel that improves both the complexion and the skin's ability to absorb the nourishing agents present in the water. The metabolism and circulation are stimulated. Stress and everyday tensions can be effectively prevented as the muscles are regenerated more vigorously than in a standard bath.

RELAX IN STYLE

Unique personal design is crucial to creating a sense of well-being in the bathroom. The various bathroom ranges from Villeroy&Boch and the matching Quaryl® baths leave nothing to be desired. This material enables an amazing variety of shapes and designs to complement all furnishing styles. On the strength of their form and function, the baths from the Aveo and La Belle ranges, as well as the extraordinary Squaro Superflat shower tray, have scooped multiple international design awards. Quaryl® perfecting design.

QUARYL® IS A SOLID MATERIAL that can be cast in any form – there are no limits to design freedom

QUARYL®

Exclusively from Villeroy&Boch for more than 20 years

Nature perfected

This innovative material available exclusively from Villeroy&Boch has been setting standards in aesthetic bathroom design for more than 20 years. Quaryl® combines the best properties of natural quartz with the versatility of high-quality acrylic resin. Nature perfected – warm, smooth and offering clean design lines, solid and hard like crystal. However, in a break from nature, form is not left to chance, rather it is in the hands of designers, and Quaryl® gives them completely free rein. Quaryl® is like a new element that exhibits all the properties one could want for baths and shower trays: it can be moulded and is durable and timeless, warm and pure. This innovative material is manufactured in Europe, in the Netherlands. Check out the advantages for yourself!

ACRYLIC

Expertise for 45 years

Acrylic: versatile, beneficial, reliable

Acrylic has many distinguishing quality features. In addition, the large selection of high-quality acrylic baths from Villeroy&Boch offers durable quality with optimum comfort and unique design variety.

45 years of expertise with acrylic

Thanks to more than 265 years of innovative strength and design expertise with the very highest quality standards and a diverse selection, Villeroy&Boch has been producing high-quality acrylic products since 1969. Today our acrylic products are manufactured in Belgium.

- Acrylic production enables a variety of forms
- Acrylic has an insulating effect and quickly takes on the pleasant temperature of the bathwater
- Acrylic is colour-fast - products retain their colour and shine for longer
- The smooth surface is very easy to clean and also slip-resistant

Showers

Simply wash away everyday life

As relaxing as gentle tropical rain and as refreshing as a fresh April shower: Villeroy&Boch transforms taking a shower into a unique wellness experience. The large range of different shower trays and enclosures combines maximum comfort with outstanding design, innovative functions and the high quality that is synonymous with Villeroy&Boch. For feel-good moments that meet every requirement.

ARCHITECTURA METALRIM

Shower trays

Ultra-flat design, extra stability. The Architectura MetalRim collection features ultra-flat, rimless shower trays made of high-quality acrylic. This new generation of shower trays features the first use of the innovative MetalRim technology developed by Villeroy&Boch. This galvanised steel reinforcement integrated into the rim area guarantees maximum material stability and a super-flat design in two rim heights (15 and 48 mm): a large variety of models and a minimalist design for individual style options.

The Futurion Walk-In version shower enclosure, shown on page 18, is the perfect complement. You will find more matching shower enclosures from page 34 onwards.

SUBWAY INFINITY

Shower trays

Subway Infinity is the new ceramic shower tray by Villeroy & Boch that can be cut to size. It is available in customised dimensions and can even be adapted to fit complex layouts, with columns, corners or projections. With the help of the completely new ViPrint décors, the shower tray can be designed to match Villeroy & Boch floor tiles. Fitted flush with the matching tiles, the Subway Infinity rimless shower tray is the ideal addition to any modern bathroom.

Information available on request.

ViPrint – giving showers a new look

With ViPrint, Villeroy & Boch introduces completely new options for personalised bathroom design. With the innovative technology, the décor of the most popular Villeroy & Boch tile collections can be applied to the Subway Infinity shower tray. In this way, the ViPrint décors create a uniform look and an almost seamless transition between the shower tray and floor surface. Offering anti-slip class PN12, the ViPrint décors also provide greater safety.

SQUARO INFINITY

Shower trays

The customised solution. With Squaro Infinity, Villeroy & Boch presents an innovative shower tray made of Quarryl® that can be cut to size right down to the last millimetre. Available in various sizes, it can even be adapted to accommodate corners, columns or projections. This opens up a wealth of possibilities for bathroom design and offers a customised solution even for complex room layouts. The slim, ultra-flat form and the flush, integrated outlet cover set the highest standards in terms of design.

Minimalist design

The colour of the flush-fitting designer outlet cover perfectly matches the shower tray and is finished with a chrome-plated strip. Its drainage rate of 40 l/min is well above standard.

Variety down to the very last millimetre

Available in 49 sizes, Squaro Infinity offers unlimited design possibilities to meet individual comfort requirements. Special dimensions are available in every size from 1800 x 1000 to 800 x 700 mm and can be cut precisely to size with millimetre accuracy. Individual, customised special shapes are also possible.

Perfect fit

Thanks to customised special shapes, the shower tray can even be fitted around pedestals, projections and unusual angles. The pore-free surface is easy to clean and therefore particularly hygienic.

LOOP & FRIENDS

Two forms, endless possibilities

A simple concept!

Comfort

High quality acrylic, soft lines, symmetrical basic forms and a timeless design - Loop&Friends has everything you expect of a modern bath. Thanks to the low interior height of just 440 mm, the baths are particularly economical with water. And with a central outlet, two people can bathe together in absolute comfort.

Aesthetic appeal

The 22 different bath models in the collection have a square or oval inner form, making them perfectly suited to any bathroom. Choose between free-standing baths, built-in baths and solutions for special space requirements.

You will find the matching bath partitions (Frame to Frame and Subway) on pages 14 and 21.

INTELLIGENT PANELLING SYSTEMS

Easy assembly and free system design

Villeroy&Boch has developed clever systems for installing baths, showers and whirlpools that facilitate assembly. In addition to the high quality and aesthetic design, the systems provide flexible design freedom when planning the bathroom.

United for baths

United is the new, sophisticated panelling for selected rectangular and offset Quaryl® baths. It consists of a high-quality aluminium frame with a visible profile and various panel finishes for absolutely individual, creative bathroom design: available in Macassar, Oak Graphite, Glossy Walnut, Glossy White and Terra Matt and therefore perfectly matched to our successful furniture programmes. Installation is easy thanks to the use of magnets.

1 / 2 · INSTALLATION – easy thanks to magnets

The United bath panelling is available for the rectangular Quaryl® baths (1700 to 1900 mm): **Squaro Edge 12, Oberon, My Art, Libra and Cetus.**

AVAILABLE IN THE FOLLOWING COLOURS TO MATCH OUR SUCCESSFUL FURNITURE COLLECTIONS

ACCESSORIES

Practical additions Villeroy&Boch offers additional accessories for numerous baths: top quality and in a matching design, they are perfect for introducing extra comfort, safety and an exclusive bathroom ambience.

1 · TouchLight

The first bath lighting from Villeroy&Boch for Quaryl® and acrylic baths that works without a whirlpool system and whether or not the bath is full. It almost entirely flush-fitting and therefore very easy to clean. You can choose between warm white, coloured light or for example an alternating colour programme. For atmospheric lighting that has a proven positive effect on body and soul.

2 · Handles

The Villeroy&Boch bath handle facilitates entering and leaving the bath. It can be attached to almost all baths.

3 · Bath shelf

The attractive, waterproof real-wood bath shelf offers additional storage space for the Joyce Apps. 2 sizes: 730 x 250 mm, 780 x 250 mm

ALSO AVAILABLE IN THE COLOURS

4 · Multifunctional cushion

The waterproof multifunctional cushion is made from high quality foam. It takes the strain off your neck and can also be used on the base of the bath as a comfortable cushion or to provide foot support. Size: 240 x 150 x 50 mm

ALSO AVAILABLE IN THE COLOURS

Whirlpool systems

Ultimate relaxation
for the sake of your health

You can find peace and relaxation whenever you want it. Turn your Villeroy&Boch bath into your very own oasis of wellness. The beneficial effect on your health of the innovative whirlpool systems by Villeroy&Boch supports regeneration and will help you to boost your energy levels. For greater quality of life within your own four walls.

WHIRLPOOLS

A sensual pleasure that's good for you

Whether you're looking for peace and relaxation away from the stresses of everyday life or want to boost your health, a relaxing bath in your own whirlpool can work wonders. It combines three elements that have a particularly beneficial effect on the body: water, warmth and massage.

Water as a source of well-being

Taking regular baths provides a comforting feeling of weightlessness and takes the strain off joints, ligaments and the spine. You'll quickly feel any pain easing, particularly after exercising or if you suffer from problems with your joints.

The comfortable warm massage relaxes body and soul

Massage and warmth help to relax the muscles and release tension. They stimulate the circulation, boost the immune system and improve the metabolism, and this keeps the tissue and skin supple.

Taking a little time out from everyday life

A whirlpool is just the ticket if you just want to switch off and forget the stresses of everyday life. The warm water has a calming effect that allows all your senses to wind down, ensuring healthy and relaxing sleep. Transform your bathroom into your own personal refuge and recharge your batteries for the next day - in a Villeroy & Boch whirlpool.

WHIRLPOOL SYSTEMS

From the comfortable AirPool Entry-level to the luxurious CombiPool Active you are sure to find a model to suit your needs

Air jets in the base of the bath

AIRPOOL

The air system for an invigorating massage. In the AirPool, air is injected into the bath through special jets and dispersed as fine bubbles. These air jets are located in the base and ensure a stimulating massage. The pipes to the base jets are blown dry after use.

Water jets in the sides of the bath

HYDROPOOL

The water system for targeted body massage. The water is extracted and pumped back into the bath through special (water) jets. The HydroPool massage jet stimulates the muscles and local metabolism. Residual water is drained away.

Air jets in the base and water jets in the sides of the bath

COMBIPOOL

The combination of AirPool and HydroPool. The best of both worlds: air jets in the base of the bath and water jets, depending on the model, in the back, at the sides and/or in the foot area. The jets can also be used separately, for an all-round body massage that gently eases tensions and stimulates the circulation. The CombiPool is also used for hydrotherapy. The residual water drains away and the base jets are blown dry.

All systems are available in two versions with different comfort features. In addition there are two Special Pools for up-market requirements in terms of design and massage. The three whirlpool systems are available in acrylic or Quaryl®.

As much comfort as you want. Each of the three whirlpool systems is available with different comfort features.

WHIRLPOOL OPERATION

Relaxation at the push of a button

RIM-MOUNTED CONTROL

Push-button operation

A practical rim-mounted control is available for many of our pools (except the Active and Invisible Pools). The elegant rim-mounted attachment ensures easy and convenient operation from any position in the bath.

- Gradual increase and reduction of jet functions
 - Standby display
 - Manual start / finish the cleaning cycle
 - Switch the jet functions On / Off
 - Activate the blow-drying of the pipes
 - Switch the intermittent pulsator On / Off
- With this function, the jets automatically release air intermittently.

SMART CONTROL REMOTE CONTROL

Everything to hand

The many practical advantages of the Smart Control are obvious.

- Aesthetic design and no sign of the receiver on the rim of the bath
- Simple to operate thanks to intuitive menu navigation
- Easy control of all functions and new options
- Available for CombiPool, Invisible and Active

POSSIBLE COMBINATIONS

for baths and whirlpool systems

The baths shown here can be combined with all our Air-, Hydro- and CombiPools.
For even more relaxation, wellbeing and improved health in the comfort of your own home.

Information & services

A wide range of services and detailed information for wellness pleasure for a long time to come

With the wellness products from Villeroy & Boch, long-term well-being is guaranteed with minimum installation, care and maintenance. In this chapter, we present valuable maintenance tips and guarantee information for relaxed safety. You can also find inspiration by viewing our product world on the Internet - ranging from online bathroom planning to our social network pages.

MAINTENANCE & CLEANING

Easy care, easy relaxation

Villeroy&Boch wellness products boast particularly high-quality materials that, thanks to their easy-care properties, such as pore-free smooth surfaces, ensure genuine relaxation in the bathroom. With minimum cleaning effort, long-term enjoyment of the wellness products in your bathroom is guaranteed.

Care tips & hygiene information

Acrylic and Quaryl® surfaces are extremely easy to clean as they are pore-free and seamlessly smooth. For the surfaces to retain their brilliance, all that is needed is regular treatment with a sponge and a liquid cleaning agent that is also suitable for synthetics, such as acrylic. Limescale deposits and loss of shine are simply eliminated with vinegar-based or special limescale cleaners. Alkaline cleaning agents, such as standard washing-up liquid, can be used to remove substances that leave greasy marks.

Slight damage, such as scratches, to the acrylic with full-body colouring can be removed using standard repair sets or polishing paste. Via their local dealer, customers can also contact the Villeroy&Boch Customer Services, which operates throughout Germany. Wood elements have a waterproof coating as standard but should be wiped with a dry cloth after taking a bath. Thanks to the high technical standard from Villeroy&Boch, the whirlpool systems offer optimum hygiene: furthermore, all whirlpool jets can be easily removed and cleaned.

SAFETY & GUARANTEE

Safety & hygiene

The whirlpool systems from Villeroy&Boch meet the highest safety and hygiene requirements. To guarantee hygiene, some models are fitted with special jets or have a fully automatic cleaning system. This is activated automatically when the bathwater has emptied. The lines are then blown dry with air. Blow-drying can also be activated manually, for example, if water gets into the system during cleaning.

To guarantee safe operation, all water-based whirlpool systems are fitted with a special hair trap. This ensures that there is no water intake if the outlet is blocked. All systems are fitted with a level sensor to prevent dry running to ensure that the whirlpool cannot be switched on if there is no water in the bath.

All whirlpool systems carry the KEMA mark of conformity. Of course, all systems also feature the CE logo. Quaryl® products from Villeroy&Boch are also TÜV-approved. In addition, all functions of each whirlpool system are tested extensively in the factory. Please also observe the cleaning and care instructions in the operating instructions.

Warranty & guarantees

We offer a 10-year guarantee on all baths and shower trays made from acrylic or Quaryl® and a 3-year guarantee on whirlpool systems in accordance with the relevant warranty conditions.

Whirlpool unit

All Villeroy&Boch Whirlpool systems are supplied with all technical fittings pre-installed. The technical units are installed in such a manner as to avoid any projections beyond the dimensions of the bath. With most systems, all the technical elements are mounted on a vibration-reducing base.

WELLNESS LOUNGE & INFORMATION CENTRES

Top advice for a no-stress dream bathroom

To ensure that your wellness oasis becomes a true dream bathroom, Villeroy&Boch bathroom showrooms and information centres offer a whole range of information: always with competent professional advice and supplemented with an exclusive wellness experience offer.

Bathroom showrooms

Discover the most beautiful bathrooms from Villeroy&Boch in the showroom displays of our specialist retail and installation partners, as well as at Villeroy&Boch's own showrooms. Here you can find inspiration for your own bathroom along with professional advice for every style, room situation or price category. Customers can request a current list of all showrooms by post, fax or telephone or they can use the dealer search on the Internet.
