

A white, smooth sphere is positioned on the left side of the image, resting on a light-colored marble surface with intricate grey veining. The sphere is slightly out of focus, creating a soft shadow on the marble below it.

Aqua-Sense Showerhead with rain and chromotherapy functions (Polished Chrome).  
The ceiling-mounted showerhead creates an intense central rainfall effect, or that of a real waterfall. The LED lighting changes color, producing a soothing effect through diffused chromatic lines. The system is controlled by a touch screen with a simple and intuitive interface to regulate water functions, color changes, music and videos.
